

# The 6th IEEE Cyber Science and Technology Congress (CyberSciTech 2021)

## The 2nd International Workshop on Cyber System Security and Intelligence (CSSI 2021)

**Oct. 25-28, 2021, Calgary, Canada**

In the era of big data, we are more dependent on the network, so the security of cyberspace has become a very important issue. Due to the increasing number and complexity of network attacks, the insufficient resources of security operation analysis organizations are in urgent need of the help of artificial intelligence. Using artificial intelligence technology, threat information can be sorted out from a large amount of data, providing immediate insight, helping people finding real threats, and greatly improving response speed. For discussing the development trend, academic trends, latest achievements, hot issues and application technologies and solutions of Cyberspace Security in all directions, so as to promote exchanges between Cyberspace Security academia and industry, experts, scholars, engineers and technicians engaged in Cyberspace Security and Artificial Intelligence academic research, application research and development and product evaluation are welcome to attend the workshop.

### TOPICS:

The workshop suggested topics include, not exhaustively, empirical and theoretical studies of the following:

- Privacy issues
- Hardware-Based security
- Security of Web-based Applications and Services
- Operating Systems and Database Security
- Security in Cloud Computing
- Security in Social Networks
- Multimedia and Document Security
- Enterprise Systems Security
- Distributed and Pervasive Systems Security
- Surveillance Systems
- Authentication and Access Control Systems
- Biometrics Applications
- Biometrics standards and standardization
- Cyber-Crimes
- Investigation of Insider Attacks
- Privacy-preserving and anonymization technologies for computational intelligence
- Secure and private computational intelligence algorithm design and analysis
- Computational intelligence techniques for cyberspace intrusion detection systems
- Computational intelligence for digital forensics
- Computational intelligence for risk management
- Computational intelligence for data-driven cyberspace security
- Computational intelligence for information privacy

**All accepted papers will be published by IEEE in Conference Proceedings (IEEE-DL and EI indexed).**

### General Chairs

Zhen Liu, Nagasaki Institute of Applied Science, Japan  
Jianwei Yin, Zhejiang University, China

### Program Chairs

Qiang Zhang, Dalian University of Technology, China  
Yuanning Liu, Jilin University, China  
Lei Zhang, Sichuan University, China

### Publicity Chairs

Xiaolong Zhang, Hubei University of Technology, China  
Guoyue Chen, Akita Prefectural University, Japan

### Technical Program Committee

Jien Kato, Ritsumeikan University, Japan  
Ying Li, Zhejiang University, China  
Chundong Wang, Tianjin University of Technology, China  
Xiangshi Ren, Kochi University of Technology, Japan  
Li Fu, Qinghai Nationalities University, China  
Tao Yu, Nagasaki Institute of Applied Science, Japan  
Liucun Zhu, Beibu Gulf University, China  
Wenjun Yang, Tianjin University of Technology, China  
Zhe Liu, Jiangsu University, China  
Xiaohua Zhang, Hiroshima University of Technology, Japan  
Liyang Dong, Jilin University, China  
Bofeng Zhang, Shanghai University, China  
Chaozhai Zhang, Nanjing University of Aero. & Astro., China  
Hongbing Zhu, Hiroshima Kokusai University, Japan  
Yuefeng Liu, Inner Mongolia University of Sci. & Tec, China  
Bo Jin, Dalian University of Technology, China  
Qi Wang, Nagasaki Institute of Applied Science, Japan  
Chuan Luo, Sichuan University, China

### Advisory Committee

Xiaopeng Wei, Dalian University of Technology, China  
Inooka Hikaru, Tohoku University, Japan  
Yuqing Song, Jiangsu University, China  
Fuji Ren, Tokushima University, Japan  
Yi Zhang, Sichuan University, China  
Haixing Zhao, Qinghai Normal University, China  
Jinsong Wang, Tianjin University of Technology, China  
Xiaohui Wei, Jilin University, China

### Important Dates

**Submission Due: Jul. 15, 2021**

**Authors Notification: Aug. 10, 2021**

**Camera-ready: Sep. 01, 2021**
